Living

Living Beyond Walls

There's something uniquely relaxing about outdoor living spaces. The classic backyard deck, with its traditional patio furniture and umbrella, is still an urban mainstay and a popular place for gatherings of family and friends. We're seasoned experts at designing and installing great deck spaces that incorporate traditional and state-of-the-art composite materials.

But something magical happens when you rethink outdoor spaces using furniture and accessories more typically associated with indoor decorating values.

With weather friendly sofas and sectionals, audio-visual systems and innovative lighting, the line between interior and exterior becomes less clear and the exterior space becomes all the more inviting and relaxing.

Creative Homescapes is all about maximizing the lifestyle potential of your outdoor spaces. Our slogan – living beyond walls – celebrates the enduring appeal of fresh air in every season. Every property is unique, each one offers its own potential. Let the Creative Homescapes team show you how your exterior spaces can become a new focal point for family enjoyment.

Outdoor living spaces, LaSalle and Essex County

Our Philosophy

How Quality Drives Everything We Do.

At Creative Homescapes, we believe there's a right way and a wrong way to do things. Cutting corners and cutting costs may get the job done quicker and cheaper, but it won't result in the kind of work that our customers can be proud of. We take the time to do the job right, using only top-quality materials that will stand the test of time. And we only sell top-quality products from reputable vendors – the kind of products that we use ourselves every day. You can always find something cheaper, no matter what you're buying. But we believe that quality and value are more important than just price.

Quality Workmanship

We are entirely committed to doing every job right. We take pride in our work and we pay attention to the details that separate good work from great work. Just like the craftsmen of the past, we adhere to an “old world” commitment to quality workmanship in every project we undertake.

Quality Materials

There's no way around it: if you use substandard materials, you'll end up with a substandard job. That's why we use only top-quality materials and supplies in all of our jobs. It makes for a better product, creates better value, and results in long-term customer satisfaction.

Quality Brands

The right outdoor products can add tremendous value and enjoyment to your outdoor living spaces. We carry only top-quality brand name products. Products that truly deliver. Innovative products. Products that we're proud to sell, and brands we're comfortable representing because we know the suppliers and we use their products in our own homes. We partner with these suppliers because they stand behind their products. With Creative Homescapes, you can always be comfortable, knowing that your purchase will continue to deliver value and enjoyment for the long run.

Quality Services

Everybody says they provide great service. In our experience, some don't live up to their claims. At Creative Homescapes, we're committed to providing prompt and efficient service. We'll always be courteous and treat you and your property with respect. And if there's ever a problem, we'll do our best to resolve it to your satisfaction – not just because you're our customer, but because it's the right thing to do.

Our Quality Assurance Guarantee:

Ultimately, our goal is to enhance your enjoyment of your outdoor living spaces by providing solid value on exceptional and reliable products and services.

That's our commitment to you, regardless of your project's scope or budget. If you ever feel that you have not received top quality and great value, let us know and we'll make it right. We guarantee it.

Landscaping defines the nature of your property

Landscaping

Landscaping combines elements of art and science to create a functional, aesthetically pleasing outdoor extension of your indoor living space. Our innovative landscape designers work with you to integrate your house and property into the natural surroundings, adding beauty, functionality and value to your home.

Call us or visit our showroom to discuss your ideas. From inspired design to breathtaking reality, Creative Homesapes will transform your property into an outdoor oasis.

Decks

Since 1987, we've been Windsor & Essex County's leading designer and builder of top-quality custom decks and fences. We take great pride in our work and pay special attention to the details that define a job well done. We believe that a deck should be more than just a place for outdoor furniture - it should be the hub of a living and entertainment space that extends your home, brings "the inside outside" and lets you enjoy sunshine and the open air with family and friends. Check out our photo gallery online or come to our showroom to browse through the literally hundreds of different styles and designs we offer. Our design professionals will work with you to ensure your deck fits perfectly into your backyard, lifestyle and budget.

Traditional & Composite Decking Materials

At Creative Homescapes, we offer decks in traditional and pressure-treated woods, along with a comprehensive line of all-weather composites that maintain their colour and texture year after year. Because of their unique handling characteristics, many composites can be curved and formed to create spectacular effects. And you never have to worry about splinters. Whether you want wood or composite, we've got your new deck covered.

Inspired outdoor lifestyles start here

Fence

They say good fences make good neighbours; we believe they do much more than that. The right fence not only defines your property, it also adds privacy and beauty to your yard as an integral part of your overall landscape design. We've been building great fences in Windsor and Essex County for over 20 years, so there isn't much about fences that we don't know.

We'll show you what makes a great fence great, and we'll design and install it for maximum aesthetics, longevity and cost-efficiency. If you're thinking about building a fence, give us a call. You – and your good neighbours – will be glad you did.

Raising the fence to an art form

Boedel

Shade Systems

Creative Homescapes offers a wide variety of options for escaping the sun and creating inviting outdoor spaces. Consider Nesling shade sails, harmonica shade canopies and roller blinds; all are attractive and functional, made of strong HDPE fabric that blocks up to 95% of damaging UV rays. For a more stately statement, consider a gazebo or pool house. Ours are custom-designed to complement your unique surroundings, then hand-crafted from your choice of top-quality materials. Whatever your vision, we have the products and expertise to make your shady place a beautiful reality.

Outdoor living provides an air of sophistication

Furniture

Move your indoor spaces outside! Create comfortable and stylish outdoor living spaces with furniture designed to fit your lifestyle. We carry a wide selection of top brand names including Outdoor Interiors, Alfresco Home and others. Because these outdoor sets all feature high-quality construction, functional engineering and stylish weather-resistant design, they are perfect for outdoor entertaining,

dining or just enjoying the open air with friends and family. Drop by our showroom anytime and experience the comfort of these top-quality sets for yourself. Then get set to explore a whole new dimension to your homelife experience!

Furniture that elegantly brings the indoors outdoors

POOLS, HOT TUBS & SPAS

What's better than unwinding in a hot tub at the end of the day? We carry a full line of hot tubs and spas by Artesian - one of North America's top manufacturers. Each Artesian spa has been painstakingly crafted to provide a feature-rich combination of elegance, functionality and market-leading efficiency. Whether you are eager to awe and entertain, or are simply looking to relax in the seclusion of your home, we have an Artesian spa that's right for you and your budget.

Making a splash was never easier or more affordable

POOLS & SPAS

Pool & Spa Supplies

Spend less time maintaining your pool and more time enjoying it. We carry everything a pool or spa owner needs to revitalize and maintain their backyard oasis. Our robotic pool cleaners, stabilized sanitizers, shock treatments and professional-grade algaecides make pool and spa care simple and effortless. We also have a comprehensive water-testing and analysis lab so you'll always know exactly how to maintain a clean and healthy balance. Bring us your sample and we'll test it at no cost.

BBQs, Grills & Smokers

Outdoor cooking has never been better. Drop by and see our great lineup of BBQs from Napoleon, Saber and Fervor. If you prefer the taste of wood-fired cooking, check out Traeger's easy-to-use wood-fired grills. Or explore the endless possibilities of kamado-

style cooking with our Big Green Egg cookers. From traditional gas and propane BBQs to wood-fired grills, smokers and more, there's delicious cuisine in store for every outdoor chef.

Fire Pits & Flame Tables

We carry full line of Breeo smokeless fire pits and flame tables, all featuring heavy-duty and high-quality construction, durability and affordability. Best of all, Breeo's patent-pending smokeless technology ensures that you can enjoy your fire pit without the annoying smoke of traditional fires.

Let's get cooking! Explore the amazing tastes of grilled cuisine.

Nursery

Nursery Products & Services

Spruce up your home with the same top quality products we use in all of our professional landscaping projects. From bushes and shrubs, hanging baskets and fresh springtime flowers –

to planters, fall arrangements and a great selection of Christmas trees, we've got exactly what you need to keep your home looking fresh and in season, in every season of the year.

Beautiful your landscape in living colour

Lumber & Composites

Creative Homescapes is the do-it-yourselfer's dream store for quality outdoor building materials. Choose from the same inventory of high-quality woods and composites that our professionals use – top grade pressure-treated lumber and exotic hardwoods, or composites from TimberTech, Azek and Deckorators that give you the natural look of wood without staining or sanding. It's weather resistant, splinter-free, and comes in a wide range of colours and textures – perfect for long-lasting decks, fences, and other backyard projects.

Lighting

As these photographs illustrate, lighting can be the most dramatic and inspiring element of your landscape. Low voltage lighting systems safely illuminate walkways, highlight special features, and accent trees, shrubs and other elements of your outdoor space. Recessed deck and step lighting

will also keep you safe and let you enjoy your deck late into the night. If you're a do-it-yourselfer, our ready-to-install kits provide a variety of affordable options. Talk to one of our designers and we'll put together a lighting plan that's perfectly suited to your year-round living space.

Create drama and enhance the security of your property

Creating a more positive first impression

Estate Gates

Beautify and protect your property with our decorative security estate gates. Our product lines range from classic to contemporary. All are made of sturdy iron and aluminum. They can be opened and closed by hand or by automated systems for hands-free and remote operation. Call us today to discuss the system that best suits your property.

Commercial Landscaping

Inspired landscaping provides an important first impression of your business premises, welcoming visitors with a well-defined statement of who and what you are. And whether it involves simple and elegant plantings or elaborate courtyard designs and built-up features, it lends immediate aesthetic interest and lasting value to the property. Our design, installation and ongoing-maintenance teams can help you make the most of your commercial property.

A durable and timeless look

Stop

Stonescaping

Stonescaping accomplishes two important goals: it provides attractive horizontal surfaces that accommodate traffic, and it provides the solid “anchor points” that define your landscape. Stonescaping can help you elegantly transition across sloping ground, or create and define walls and area dividers. At its most creative, it can add all-new features such as rocky hills and waterfalls. And because stonescaping materials come in an infinite variety of colours and textures, the possibilities for innovative expression are virtually limitless. Stop in and explore our complete range of quality Unilock products.
